# Math Talk

Date_____

Names _____ & _____

| Problem 1 | Problem 2 |
|---|---|
| | |

**Step 1.** Solve the problem. Show your work.

**Step 2.**

a) How did you solve the problem? As you tell your partner what you were thinking and what strategies you used, use the key vocabulary.
b) Listen to your partner's explanation. Write a tally next to any of the key words they use.

**Step 3.** Switch with your partner and have them tally you.
